

Welcome Coach – 2024 Academy

THANK YOU for your extraordinary commitment to help students, their families, and the education community participate in the League. Together, we are creating the next generation of outdoor stewards.

Collectively in 2023, the League achieved record-setting participation in the number of student athletes, team staff members, and teams in both conference and tournament play. We expect to set new records in 2024!

This 2024 Academy Guidebook provides instructions and education to help you successfully conduct key elements of managing your team.

Be safe, have fun, and good luck!

Create Your Team Handbook

An important part of your job as a coach will be coordinating efforts between all the many people who make our events possible: athletes, family members, volunteers, and even other coaches will need to know some basic information about the League and your team, and they will have questions often. To help everyone find answers to those questions without having to repeat the same information, you will create a team handbook that will establish expectations and give everyone associated with the team a convenient way to find important information.

This lesson will help you understand what to include in a team handbook and give you some tools to get started on creating one for your team.

Create A Safety Plan

Safety is the League's number one priority. Clay target shooting sports are the safest school sports, and the League is committed to maintaining our unblemished safety record. Therefore, it is vital that you develop a safety plan with all the essential components and that everyone—coaches, parents, and athletes—be ready to follow the plan.

This lesson will show you how to create and share your safety plan.

Teach Clay Target Shooting Fundamentals

This lesson covers the approach you should take when teaching athletes the basics of handling, positioning, and shooting clay targets.

For a more detailed look at the mechanics of shooting the different clay targets used in League events, check out the SAFE course lesson "Practice Your Shooting Fundamentals."

Shooting Fundamentals: A Balancing Act
Teaching a sport that requires discipline, self-control, hand-eye coordination, and concentration is a challenge. In addition, new athletes will enter the sport with varying amounts of shooting experience which will affect their response to instruction. As you teach the skills of marksmanship, remember that safety and fun are the primary components of your teaching and their shooting experience. Let's get started with a closer look at ensuring athletes' shotgun's to them properly.

Athlete Registration - Overview

First... All student athletes must have a Athlete Management System account to be eligible to be on a team – See ["Athlete Management System"](#)

Second... Upon the completion of an AMS account, the team's coach will authorize an invitation for the athlete/guardian (AMS user) to register with the team for the upcoming season – See ["Creating & Managing Team Rosters"](#)

Then... Notify families to complete the registration through AMS – an email from the League is NOT required to register

Remind... Students that if your team selected the "Team Pay" option for League registration fees, no payment will be required at the end of registration. Selecting the "Athlete Pay" option will require the AMS user to make the payment

Medical Consent

Athlete gives his/her consent to League, League Sponsors, the Athlete's school district, the state high school athletic association and the host organization of any League Event to provide, through a medical staff of its choice, customary medical/athletic training attention, transportation and emergency services as the League or the Team directs in the course of his/her participation in League Events.

I further understand that in the case of injury or illness requiring transportation to a health care facility, a reasonable attempt will be made to contact the Parent/Legal Guardian in the case of the Athlete being a minor, but that, if necessary, the Athlete will be transported via ambulance to the nearest hospital.

I acknowledge that the Team does not provide health or accident insurance or other insurance for medical, hospital, physical therapy or occupational therapy expenses should they be needed. Other than in an emergency situation, all medical services or rehabilitation services are the sole responsibility of the Athlete.

I acknowledge and agree that by its nature, participation in extracurricular athletics includes risk of injury and the transmission of infectious diseases such as Herpes, Hepatitis B, MRSA, H1N1, H3N2 and variants. Although serious injuries are not common and the risk of HIV transmission is almost nonexistent in supervised programs, it is impossible to eliminate all risk. Participants have the responsibility to help reduce that risk. Participants must obey all safety rules, report all physical and hygiene problems to their coaches, follow a proper conditioning program, and inspect their own equipment daily.

Team Roster - Invite students to register

Choose “Previously Rostered” or “Waiting” tabs to add students to the “Invited” list to authorize registration. Select the “Process Selected Athletes” to complete the action.

The screenshot shows a web interface for managing a team roster. At the top left, there is a blue button labeled "PROCESS SELECTED ATHLETES" with a red arrow pointing to it from the right. Below this is a tabbed interface with four tabs: "Invited", "Waiting", "Previously Rostered", and "Removed". The "Invited" tab is currently selected. Below the tabs, there is a text box that says "Have been added to roster, but not completed participation requirements." Below this text is a table with the following columns: "Athlete", "Grade", "Reg", and "Safe". The table contains one row with the text "Select All" in the "Athlete" column. Two red arrows point upwards to the "Waiting" and "Previously Rostered" tabs.

If a NEW student's name does not appear on the “Waiting” list, they have not completed their student profile in AMS.
